

Organic Based Fertilizer

You Deserve the Best!!!

Customized
formulation
of NPK content

Certified
by

Organic Based Fertilizer (OBF)

is fortified fertilizer using LOF as the base material, with customized formulation of NPK content. OBF works equally effective as chemical fertilizer, yet retaining the properties of organic fertilizer as additional bonus! OBF nourishes the condition of soil land and improves plant's yield.

Fertilizer Quality

Specification	Quality
Organic matter	> 20 %
Moisture content	< 25 %
